LONDON, Sept. 9.—Britain's government took a grave view of the Sudeten-Czech crisis today as its latest moves to influence Chancellor Hitler toward moderation apparently met with little success. Amid the heightened apprehension, Prime Minister Neville Chamberlain and Foreign Secretary Viscount Halifax conferred at the former's official residence.

Approaching Critical Stage
Officials here frankly confessed that they believe the dispute is now approaching its most critical stage and that they are seriously alarmed by a report from Sir Neville Henderson, British Ambassador to Berlin, who is now at Nuremberg, that he has not yet been able to "talk seriously" with the Fuehrer.

Sir Neville also reported that so far he has failed to make any impression upon German Foreign Minister Joachim von Ribbentrop, whom the ambassador described as convinced that Britain would not move against Germany under any circumstances—even in the event of an attack against Czechoslovakia.

Pa. New heard a citizen deliver a tirade against political conditions today, and he wound it up by declaring that things are so bad he hadn't bothered to vote for several years. Reprehended for this lack of good citizenship, he replied: "What's the use, my vote wouldn't change things." There are a lot of people like this man, and when they all stay away from the polls, what happens. They aggravate the very conditions of which they complain. James Roosevelt Will Undergo An Operation

(International News Service)
ROCHESTER, Minn., Sept. 9.—Mrs. James Roosevelt joined her mother-in-law today at the bedside of the president's eldest son who will undergo an operation for a gastric ulcer at the Mayo Clinic here Monday.

The president is expected to arrive Sunday and the family's concern, evidenced by his hastily arranged trip from Hyde Park, may bring other relatives also.

Young Roosevelt's wife, Betsy, arrived here by train this morning from Chicago. She had flown there by airplane from their home in Boston. His mother accompanied James here the first of the week. It had

been hoped the visit would prove merely a final checkup on treatment begun several months ago. Further examination, however, disclosed the need for surgery.

A statement issued by the clinic explained: "His general condition is excellent. He spent a very comfortable night. Medical treatment does not promise a permanent cure. The ulcer has not healed satisfactorily despite intensive medical treatment. Surgery was deemed necessary to obviate further complications by virtue of the ulcer's location in the stomach rather than in the duodenum. Pre-operative preparations are to permit some recent acute manifestations to subside."

Delay Decision On Status Of State Legislative Acts

(International News Service)
PHILADELPHIA, Sept. 9.—Charles A. Waters, prothonotary of the Pennsylvania supreme court, today intimated that the high tribunal will not reach a decision on the constitutionality of the Democratic-controlled legislature's grand jury acts this week.

The measures, passed during the first week of the current special session called by Gov. George H. Earle, force the Dauphin county grand jury to stand aside until the house of representatives has completed its probe of graft and corruption charges leveled at the governor and 13 high-ranking Democratic leaders.

The high court, which announced Wednesday that it would reach a decision only after the "most thorough investigation," also has before it the question whether Attorney General Guy K. Bard may supersede District Attorney Carl Shelley as director of the proposed grand jury probe.

Pay Final Tribute To Cardinal Hayes

Ceremonies Take Place In St.
Patrick's Cathedral In
New York City

(International News Service)
NEW YORK, Sept. 9.—The Catholic hierarchy of America, officials of the nation, state and city, and the faithful he guided spiritually for nearly two decades, bade Patrick Cardinal Hayes farewell today in a ceremony unrivaled in devotion and religious splendor.

St. Patrick's cathedral with the body of the late head of the archdiocese of New York resting on a catafalque in front of the main altar, was jammed with nearly 6,000 persons for the final rites of the Roman Catholic church.

Performing a "sad duty" for the "kindest man I ever knew" was George Cardinal Mundelein of Chicago, boyhood friend of the New York orator who scaled the heights to become a prince of the church. Cardinal Mundelein, who celebrated the pontifical mass of requiem, headed an imposing array of clergy which included two other cardinals, Dougherty of Philadelphia and Villeneuve of Quebec—thirteen archbishops, fifty-two bishops, the apostolic delegate to the United States, numerous monsignors, priests, abbots and lay brothers. William Cardinal O'Connell, dean of the American hierarchy, of Boston, was prevented from attending by illness.

Crowds surrounded the historic edifice early. While the body of the cardinal who died Saturday night at the age of 70 lay in state, more than 225,000 passed before it.

Cunningham Avenue Paving
Project Will Be Speeded
Up For Grid Season

Cunningham avenue will be paved in time for the opening of the football season, or at the latest, by the night of the second game. Walter N. Todd, director of the Works Progress Administration, promised today. Work was recently started on the street and traffic is barred from it.

Football fans envisioned a whole season of non-use of Cunningham avenue, but when the matter was presented to Mr. Todd today he said that special efforts will be made to have the paving completed by Friday, Sept. 16.

This will depend upon the weather and the number of men available for the work and it is possible that the street will still be closed on that night. If it is, there seems little doubt that it will be opened for the second game, which is September 23.

At the outset, it was said, the Fuehrer will demand uncompromisingly that all Czech police must be removed from the Sudeten area immediately. Fortifications

(BULLETIN)
PARIS, Sept. 9.—All Navy leaves were stopped today in a sensational new French move to cope with the German-Czech crisis and a number of naval reserves were called into service.

While Germany and Britain were holding naval maneuvers in the North Sea, France's action quickly followed suspension of army leaves and the dispatch of additional troops to the Maginot line, where some 500,000 French and German troops confront each other across the barbed wire.

In a further drastic step, many women and children were removed from several villages behind the French northeastern frontier "until tension is eased."

Another measure, with important military bearings was the cancellation of all vacations of the post office telegraph personnel.

Manning of the Maginot line is now believed to be complete, and the French army and navy defenses are ready for any eventuality in the Czech-German dispute.

All reservists have rejoined their posts in the frontier line of fortifications and a large number of colonial troops have been brought into France.

HARRISBURG, Sept. 9. A charge of "whitewash" leveled against the House Graft Investigating committee and a counter-charge that District Attorney Carl B. Shelley sought indictment of high Democratic officials on "hearsay" evidence marked resumption of the legislative hearing today.

After a morning session of hot verbal clashes—during which time former Attorney General Charles J. Margiotti sat waiting to be called as a witness—the hearing recessed until 1:30 P. M. EST.

Shelley remained on the stand. May Not Call Margiotti Until Monday

Indications were that Margiotti, key witness under subpoena, might not be called for any extensive examination until Monday. Committee counsel indicated he probably would be sworn in later today. No session was planned tonight or tomorrow, the committee indicated.

The "whitewash" accusation was thrown into the hearing melee by Earl V. Compton, one of Shelley's assistants as the committee pressed for the witness to disclose who drafted his amended petition for a grand jury investigation of his corruption charges.

Compton declared the committee was violating its own rules by calling for "hearsay" evidence. And then he told the committee: "Intends To Whitewash?"

"If the committee seeks to investigate the district attorney under the guise of obtaining evidence the only inference the public can draw is that the committee intends to whitewash the entire matter."

Chairman Herbert B. Cohen, of the seven-member committee, rose quickly to tell Compton he considered his remark a "distinct insult to this committee." Any repetition of such a statement, he declared, would "necessitate your withdrawal" from the hearing.

Abram Salsburg, co-counsel for the committee, charged it was "quite evident the gentlemen are looking for something with which to smirch this investigation."

Compton's objection to the question on the amended petition drew a round of sharp rebuke from Cohen and the house attorneys.

"Hearsay Evidence"

"It is apparent that the evidence which the district attorney had intended to present to the grand jury was hearsay evidence and it is a good thing, therefore, that this investigation was called and brought that out."

Salsburg later drew from Shelley the admission that he had never interviewed persons he named as those from whom he expected to get proof of extortion charges brought against Gov. George H. Earle and other Democrats accused.

Postal Inspectors Have Suspects For Robberies Of Past Four Years

ARRESTS ARE RESULT OF TRAIL OF YEAR

(International News Service) PITTSBURGH, Sept. 9.—Three men rounded up by Postal Inspector D. H. Stephens as suspects in many post office robberies in western Pennsylvania the past four years today were held for court by the U. S. commissioner while two others awaited hearings.

Those held were James Martin, 30, alias William Kelley, and Clifford Mahan, 39, both of Erie, charged with breaking into the post office at Aulman, Indiana county, April 15 of last year, and James Barnes, 33, of DuBois, charged with participating in the robbery of a post office at Madera, Clearfield county, in October, 1937. Mahan was released under \$5,000 bond but Martin was committed to jail in default of a bond in the same amount. Both waived hearings. Barnes' bond was set at \$2,500.

The other two suspects are William Kissell, 43, formerly of Erie, arrested in connection with a post office robbery at Saltsburg, Pa., September 9, 1937, and now held in the Williamsport jail, and Joseph Kelly, alias Joseph Moran, in the Western Penitentiary for violating a parole. Detainers have been filed against both men by the federal government.

Through roundup of the five men, Stephens said he hoped to solve many post office robberies in western Pennsylvania and New York. The roundup climaxed a year's work on the cases.

deliberately trying to keep Sir Neville away from Hitler. In view of this suspicion, the envoy was instructed to insist that he be permitted to see Hitler further today. Diplomatic advisers reaching Whitehall indicated that Von Ribbentrop, Heinrich Himmler, Nazi police chief, and Dr. Paul Joseph Goebbels, propaganda minister, are urging Hitler to resort to force to settle the Sudeten autonomy issue.

Ordering Demonstrations? Fear prevailed, furthermore, that Nazi leaders are deliberately ordering demonstrations in the Sudeten area of Czechoslovakia in the hope of precipitating an incident which will incite Hitler to move immediately.

At the same time, there were growing indications that the German general staff is still opposed to making an armed excursion against the Czechs and is exerting its utmost influence to dissuade Hitler from any such move.

Reports are even circulating that the British general staff has sent word to Britain and France through private channels that Paris and London should lose no time in making certain that a true reflection of their attitude toward the dispute is conveyed directly to Hitler.

Meanwhile, strong pressure was brought to bear on Prime Minister Neville Chamberlain by the French government. British labor organizations and even by conservative non-political German quarters to take some action making it undeniably plain to Hitler that Britain and France would probably not remain neutral if Czechoslovakia were invaded by the Reich.

HITLER SEEKS PLEBISCITE IN CZECH CRISIS

(Continued From Page One)

Hitler's plan is to concentrate on inducing Great Britain and France to agree to a plebiscite in Sudetenland under supervision of an international commission.

Such a plebiscite was held in the bitterly-contested Saar Valley. Save for a few minor incidents, the voting went off peacefully and the Nazis won an overwhelming victory. The Fuehrer feels that similar action in the Sudeten region would result in a Nazi triumph and yet convince the world that it had been achieved by entirely legal means.

Hitler knows, of course, that the Czech government headed by President Edouard Benes is firmly opposed to any such referendum inconsistent with the national integrity and sovereignty of Czechoslovakia. He hopes, however, that British and French pressure can be brought to bear upon Benes in this regard.

OPEN 2,300-MILE MOUNTAIN TRAIL ON PACIFIC COAST

(International News Service) PORTLAND, Ore.—The finest route of its kind in the country—a 2,300 mile stretch of trail through the mountains that border the Pacific ocean from Canada to Mexico—has been opened to the public.

The route which is ideal for hiking or horseback travel is equipped with handy camping sites. It was constructed by CCC workers under supervision of the U. S. forest service and travels the full length of Washington, Oregon, and California.

The route penetrates fourteen national forests and five national parks in the three states, including such nationally famous retreats as Rader National Park, in Washington, Crater Lake National Park in Oregon and Sequoia National Park in California.

POISON PASTE SAVES TARGETS FROM THE RATS

SAN ANTONIO, Tex.—Army rifle experts at Brooks field here are pretty good at tearing up targets with their marksmanship, but they had nothing on the rats around the field according to the report of district agent C. R. Landon.

Landon said the targets which were in storage proved an irresistible attraction to the rats, who found the flour paste with which the targets were stuck to the heavy canvas frames a delicacy.

Poisoning added to the paste finally saved the U. S. Army.

The occasion was in the form of a tea and social, and interested 40, including one special guest, Mrs. Travis French.

At 2 o'clock, the program was in progress, under the direction of Mrs. F. P. Urey, chairman. She introduced Miss Dorothy Fisher as the first to take part. She contributed two piano solos, both ballads by Chopin, the first being in G-minor and the second in A-flat. Miss Mary Ellen Henderson followed with an interesting talk on "Rome" and Mrs. James M. Blackwood told in an interesting manner of "Glimpses Into the British Isles." Continuing with the musical part of the entertainment, Mrs. W. P. Felch pleased with a group of vocal selections, which included "I Had My Love," "A Memory," and "Fairy Pipers." Mrs. Anna Moore Pye was her accompanist. Mrs. W. L. Campbell and Mrs. Ellen Kaplan assisted Mrs. Urey in arranging the program.

Afterwards, tea was served from an attractively appointed table, with Mrs. Elijah Kaplan and Mrs. E. P. Henderson pouring. They had as guests Mrs. Paris Shoff, Mrs. Ralph Campbell, Mrs. J. O. Woods and Mrs. Samuel Perry, Jr.

During the business period that preceded, the program outlined for the new club year was announced, and it was decided to hold meetings every other month. Other items of importance were also given attention.

INDIANA ALUMNAE OPENING SESSION

Full flowers arranged about in the New Wilmington road home of Mrs. Lenora Chapin McFarland formed an attractive setting for the first fall meeting of the Indiana Alumnae, which took place Thursday evening. Assisting Mrs. McFarland throughout the evening were Miss Ann Rice, Miss Mildred Gresham and Mrs. Martha Clark.

Mrs. Ellis Diefenderfer, president of the group, conducted the usual routine business session, several reports being heard on letters written to Indiana concerning changes in the faculty there.

Mrs. William Wheldon had charge of the interesting program which was in the form of a history of the Indiana school, several of the members taking part. Mrs. Wheldon discussed the founding of the school which took place in 1869. This was followed by an entertaining talk given by Mrs. Carrie Jeffery Roberts, who told of many of the things not related in books concerning extra curricular activities. Ann Rice and Jane Young continued the discussion, bringing it up to the present time. The conclusion was drawn that school girls of the past fifty years were just the same as those of the present generation.

Several copies of the Indiana yearbook, the "Instano" and a number of snapshots were displayed. Following, reminiscences of old times were given by several of the members. Tea and refreshments were served by the hostess, and her aides, afterwards.

Indiana Alumnae program books were distributed at the close of the meeting. The officers for the group this year are as follows: president, Mrs. Ellis Diefenderfer; vice president, Miss Anna Rice; recording secretary, Miss Leona Perce; corresponding secretary, Miss Verice Armstrong; treasurer, Mrs. W. J. Bryan.

The Parent Problem

By Garry C. Myers, Ph. D.

FAMILY SECURITY IN LIFE INSURANCE

Recently I met an old college roommate, J. Paul Heritage, of Vineyard, N. J. He has become quite an authority on parent-child guidance, having spoken many times on radio and platform during the past season. Mr. Heritage and I were discussing family security. He took a leaf from his old business—life insurance—and reminded me of the great importance of this institution in carrying out family plans. For instance, the child's education—especially college—can be provided for in one of two ways: an endowment policy maturing when the youngster is ready for college; or term insurance on the parent, running until about the time the college education is needed, paying only in the event of the death of the insured parent.

Mr. Heritage also pointed out the possible breaking up of the family through the death of the bread winner before he has had time to accumulate an estate. If an insurance had been bought the father would have built his estate as soon as he paid the first deposit or premium, as it is called. Many a mother has had to live in a hotel or go out to do menial work or put her children in an orphan asylum, when a few pennies a day would have made a family almost self-sustaining. Such a family would always have with them a monument to their father's frugality and common sense.

Health Insurance Important
It was brought out that accident and health insurance might be as important as life insurance. If stricken ill, or hurt, the bills go on just the same, only getting bigger, and the premiums for fire and automobile insurance come due just the same.

Mr. Heritage informed me that more than a hundred colleges have courses in insurance today, but that Japan is ahead of us, as all the commercial high schools there give courses in life insurance.

After this session with my old friend, whom I had not seen in nearly 30 years, I felt I had received valuable instruction in family security. I have long believed in life insurance, and quite as much for peace of mind and general mental health as for economic security. I was glad to have my own ideas and program confirmed.

Here let me warn parents against taking more insurance than they can carry without undue worry. A wise insurance agent will not over-insure a client.

The World AND THE Mud Puddles

OTHERS WILL COME

"Selling New Castle" that is something for every mother's son of New Castle to think about. New Castle exhibits a great deal of grief over the loss of the Steel Mill. They also grieve over the loss of the Rod Mill and the Nail Mill. A city always grieves over the loss of any great manufacturing establishment that employs many men and women. What is going to happen in the Steel industry as far as New Castle is concerned, is in the lap of the gods, but it is a very fair supposition that New Castle as a manufacturing center is not going to disappear. The Mill property yet belongs to the Steel Corporation. They may use it for other purposes or may sell it to those who will use it.

There is not a city in the country so well situated as far as railroad transportation is concerned. The great area adjacent to New Castle between the Lake Erie, the B. & O. Railroad and the Beaver River, will all of these days be used for all of the great eastern railroads have access to that area.

When the Rod Mill and the Nail Mill, as well as the great Steel Mill disappeared, there was no Johnson Brone Co., there was no Shenango China Plant and no National Sanitary Plant, and I might mention smaller industries that have sprung up since the Rod and Nail Mills disappeared. They show, unquestionably, that New Castle has a very permanent place in the eye of the manufacturer, and the sooner New Castle people become enthusiastic about "selling" their city, many other diversified manufacturing interests will choose New Castle as their home.

FULL MOON

I've watched the moon rise full above a lake
And reach, I've thought at last its utmost best.
I've looked on countless waves in silver dress
And silver-tipped the willow leaves that quake.
This final burst of splendor moon-beams make
Seems like achievement's triumph in a test
Of all things fine; the ultimate quest
Of glory for the earth-bound traveler's sake.

Why should such moments of perfection be?
Why should such splendor come to field and pond?
Are these enchantments granted us that we
May glimpse the glory of the life beyond?
Or, like the moon, have we one rapturous hour
In which we reach the fullest of our power?

HINTS and DINTS

Sun sets tonight 6:20. Sun rises tomorrow 5:35.

When President Roosevelt took a trip into Maryland there were sixteen automobiles in his party. Every time he goes out he takes the army or navy with him. The airplanes also get a lot of exercise when he goes out anywhere.

There's many a husband, who waste time arguing with the cop on the corner when he should be home shooting the bull in the kitchen.

Wife—Every time you see a pretty girl you forget you're married.
Husband—You're wrong, my dear. Nothing brings home the fact with so much force.

What has become of the chaps who were called "White Wings" who worked on the streets? Maybe the laundry bills were too big.

Some people seem right bright and others, when their phone call is answered, say, "Who is this?"

Stub—This government report states that the life of a paper dollar is only seven or eight months. Stubfield—Well, I have never had one die on my hands.

At least a bit, and miss sort of fellow is right half the time.

We notice that many of the gals who make big reputations along certain lines always retain their maiden names after they get married. Seems the married name must be a handicap.

Mrs. Cupp—How old are you, Sally?
Sally—Fourteen.
Mrs. Cupp—A girl 14 should tell her mother everything you know.
Sally—I know it. But mother is so innocent I haven't the heart.

Trouble is the chap who is with you 100 per cent may not be with you long.

We once knew a chap who got mad at his mother because she cooked potatoes with the skins on and he did not speak to her for fourteen years. He may not be having potatoes of any kind now.

First Co-ed—Have you noticed Jack's new mustache, it makes me laugh.
Second Co-ed—Tickled me, too.

The first time Hi Hum pumped the organ down at camp meeting he blew out three stops and tore a pedal loose.

Patient—Doctor, does a fish diet strengthen the brain?
Doctor (who is fond of fishing)—Perhaps not, but going fishing certainly seems to invigorate the imagination.

After questioning two suspected shoplifters, Detective Blanchard Bolander of Parsons, Kans., released them. Back in the police station he discovered his tobacco pouch, gloves and glasses were missing. Bolander said cheerfully, "Well, they didn't get my gun."

Teacher (to mischievous boy)—James, sit down in front.
James—Sorry, Miss, I can't. I'm not made that way.

Rev. James P. Sandefur of Evansville, Ind., has filed suit for divorce. He alleges that his wife June, kept making faces at him while he preached at the Primitive Baptist church. When she wasn't making faces, he said, she slept through the sermons.

At a convention of W. P. A. workers in Harrisburg they tried to find a U. S. flag in the capitol building for an hour and then had to go

According to report 321 people were killed in the U. S. on Labor Day and there are no figures on the injured. Sometimes we wonder if the holidays are worth what they cost.

Senior—You know, the job situation doesn't get a bit better. I've been trying to line up a position for several months but there doesn't seem to be any. Guess I'll have to open up an office after I graduate in June.

Junior—Well, being a janitor isn't so bad in these times.

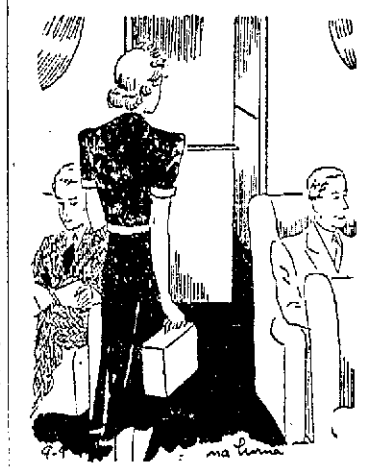

When the men who use their heads, the men who use their hands and the men who use their wits disagree, it's a revolution.

The members of the Pennsylvania legislature get \$500 for attending a special session. If it lasts longer than a month they get \$750. Did you ever hear of one that did not last at least one day longer than a month? Of course the same change-like car fare, etc., goes along in the proposition.

Professor—What do you give your cows now in the way of galacagogues?
Farmer—Oh, their sustenance is wholly of vegetable origin, rich in chlorophyll and opulent in butyricous qualities.
Prof.—Then you can deliver a pint to my house each morning.

WHILE travelling, women usually take their dressing cases and go to the dressing room to begin their preparation for the night. These dressing rooms are somewhat small and are used by a large number of people. Passengers should not linger too long over their ablutions and they should leave the room in the order in which they found it.

Readers' Questions Answered
Dear Miss Markel—Please answer these questions for me: (1) When a woman is accompanied to a church wedding by her husband, should she go down the aisle with him or with the usher? (2) If there are two women together unaccompanied by men, how should the usher take them down the aisle? (3) Should guests who do not know the hostess in a receiving line introduce themselves?

Answer—(1) She should go with the usher, her husband following them. (2) He may take both of them down at the same time—one on each side, or he may take one and return for the other. (3) Yes. Copyright, 1938, by Watkins Sordicite, Inc.

Miss Markel will promptly mail personal answers to questions from any reader enclosing a self-addressed three-cent stamped envelope.

Well, anyway, the term "easy picking" didn't originate in the cotton country.

An electrician was working on an emergency wiring job. Turning to the apprentice who was helping him he said, "Say, Bill, take hold of the end of that wire."

All a candidate for office has to do now in order to get elected to an office is to promise a pension to most everybody. Please pass the sleeping powder.

A labor leader in referring to that old Biblical item: "He sold out for thirty pieces of silver" added the word "lousy" to it. Thirty pieces of silver don't count much with some of those guys unless they get it every hour.

UNIFORM "HAND SIGNALS" URGED FOR POLICEMEN

The campaign of motor clubs for uniform hand signals to be used by motorists might well be extended to traffic policemen who are prone to use all kinds of variegated hand signals in directing cars.

"Traffic policemen convey their wishes to motorists by everything from a languid waving of the finger to a violent arm-thrashing." It was this lack of uniformity that recently caused an irate motorist to draw up a code "interpreting" traffic officers' gestures.

The code follows:

1. Extended arm: (a) Stop. (b) Go in the direction in which I'm pointing. (c) Do you want to feel my muscles?
2. Thumb wiggle: (a) Go. (b) Be careful, there you. (c) Proceed in counter-clockwise circle. (d) Welcome to our city, stranger.

3. Nazi salute: (a) Stop; don't go any further. (b) Slow down. (c) This perspiration is making my shirt stick to my arm.
4. Pointed finger: (a) Detour in that direction. (b) Who do you think YOU are? (c) Your lights are out. (d) Your lights are on. (e) Look at that cut blonde.

5. Head jerk: (a) Go. (b) Hello. (c) Why do they make cops wear tight collars on hot days like this?
6. Several gestures at once: (a) If all you birds are going to drive at me at the same time, how do you expect me to get you straightened out. (b) Everybody stop, in all directions. (c) Everybody go in all directions.

7. (No signal at all: (a) Use your own judgment, with me reserving the right to whistle after you no matter what you do. (b) Don't do anything and see if I care.

What's What At A Glance

Ugly Words Used In Campaigns
Current Contests Bring Worst
Old And New Dealers Show HateBy CHARLES P. STEWART
Central Press Columnist

WASHINGTON, Sept. 9.—The bad language employed in connection with the current political campaigns is remarkable not alone for its badness but because it is so personal.

In particularly hard-fought campaigns in the past candidates for public office occasionally have referred to their rivals as the nominees of highly objectionable interests—in a general way they have denounced their various opposition parties as perfectly awful.

But it hasn't been customary for a candidate to call his opponent by name, and describe him as a "traitor," a "betrayer" as a crook, in effect.

NO INCIDENT NOW

There may have been instances of this sort of concentrated vituperation before my time—perhaps in early post-Civil war days, when feelings were intensely bitter.

And, now and then, there were isolated cases of it in the still more distant past. But, in that era, such personal charges led to man-to-man encounters—like the Burr-Hamilton duel or the caning administered by Preston S. Brooks to Charles Sumner.

In that epoch, when a politician was called a "liar" it was an "incident." Now it's a bit of news more or less, and not of much consequence either, if any other important news is stirring.

WHEN THEY WIN

Yet my impression is that a candidate, if tagged with one of these uncomplimentary names, never will forget it.

If he's beaten and stars beaten his grouch may never mellow, but if he wins or loses, he'll have a permanent irreconcilable.

And quite a few of such candidates are bound to win in the current primaries and coming election. They'll be a continuing force to be reckoned with.

NOT BETWEEN PARTIES

This campaign is not very ugly, as between Democrats and Republicans.

Indeed, on personal grounds, it's been gentlemenly. The Republicans have said that the Democrats, individually, are all right—EXCEPT THE NEW DEAL DEMOCRATS. They haven't even charged that individual New Deal Democrats are personal cannibals.

And the New Deal Democrats haven't applied dirty epithets to the Republicans. They've said that the G. O. P. is reactionary, but not that specific Republicans are treacherous—only that they are mistaken "en masse."

As for the Old Deal Democrats, they're half Republicanism—not that they're Republican, but that they're more so than they are New Dealership.

IT'S HARD ON FRIENDS

Republicans and Old Deal Democrats, then, can be polite to one another. They're friendly enemies.

Republicans are not friendly to New Deal Democrats, but they're not violent.

Old and New Deal Democrats are the folk who hate one another like poison.

They're the ones who exchange recriminations. But they don't exchange them particularly. They swap words like "liar," "traitor," "blackguard"—and they specify whom they mean—Secretary Ickes, Senator Tydings, Senator Glass, Representative Lewis, the president himself.

Liar, traitor, betrayer, et cetera. This is intra-party stuff.

Never have I heard political language so crassly expressed. I can't see how rivals, who have abused one another so virulently, ever can be friends again.

The Great Game Of Politics

By FRANK R. KENT

(Copyright, 1938)

Exploitation

Washington, Sept. 9.

FEW more truly damaging things can happen to a free people than the destruction of their sense of moral values and the lowering of their political standards. That is why, to many people, the anaesthetizing effect of the current political regime upon the popular capacity to flame against the unsavory actions of men in high public position is considered more really injurious to the nation as a whole than the unsound policies from which such unparalleled waste has flowed.

IT IS not pleasant to contemplate the fact that the point has been reached in American politics where a great popular leader can solemnly pledge himself to follow one course in his campaign and then, after the election, without explanation, apology, excuse or defense, go in the exactly opposite direction. And it is made not less discouraging to those who believe in the democratic process to realize that the most concrete and open promises can be broken with impunity, while the people are soothed by a pleasing radio voice and bribed with their own money.

IT isn't necessary to recite the record which justifies these statements. It has been printed many times, but with a strange lack of effect. Seven years ago such facts as have been laid bare about this Administration would have aroused real public indignation. In former days, the one incident alone of the cheap campaign book autographed at the White House and then, to replenish a political committee's treasury, peddled at fantastic prices to extremely reluctant corporations and citizens—that incident alone would have offended the public sense of decency and dealt those responsible a blow from which they would not have rallied. Caught with the goods, this unpleasant business was literally laughed off, dismissed with an airy wave of the Presidential cigarette holder, dodged without any perceptible diminution of prestige among the masses of his adherents, which fact is about as illuminating both as to them and to him as anything could be.

SO IT has been with other things. So it is with the unprecedented commercial exploitation of the White House by the occupying family and connections thereof. There is no parallel for this in the history of the country. So far as anyone can recall there has been nothing like it in any country. In the same situation, the Prime Minister of England would be swept out of power overnight. It is not only a violation of the most rudimentary good taste, but is indefensible from any ethical standpoint. It has, in fact, been condemned years ago—by the very man who now permits it to be done—and without whose sanction and consent it could not be done.

PUTTING aside other members of the family, take the case of James Roosevelt, the eldest son, now secretary to the President, general coordinator of departments and a very great power in the Administration.

Whether James Roosevelt, as alleged by Alva Johnson in the Saturday Evening Post, has had an insurance income as high as \$250,000 or whether Mr. Roosevelt's income-tax returns indicate his insurance profits ran around \$40,000 a year—the fact remains that since his father was elected President he had made a phenomenal income as an insurance man. (In 1934, when it reached \$40,000, he was only 27 years old.)

The further fact remains that he continues to derive a large income from this source. The further fact remains that he would not have achieved any such income (taking his own figures) but for his White House connection. The further fact remains that, while he had little money of his own in 1932, when 1940 the family leaves the White House, James will go out a fairly wealthy young man. No amount or squirming or breast-beating or calling people liars can alter those facts. They are incontestable.

YET, such is the public indifference after six years of Federal largess and radio crooning, that there is no real reaction to a state of affairs that in any other Administration would have amounted to a national scandal. It has hurt some of course, but not to the normal extent. Perhaps some day the capacity for distant-eliminating wrath may be recovered by the people. At the moment, however, it seems that so long as the money holds out and the "greedy rich" can be used as targets, nothing will very greatly damage Mr. Roosevelt with the great bulk of his supporters. The worse thing about the whole mess is that what has been happening in the last five years apparently has purged the public mind of a principle which here and in England has been regarded as essential to the successful functioning of our kind of government—to wit, that while a man should not be rewarded for impoverishing himself in holding high public office, he must not grow richer while in office. It is still so regarded in England.

Women Will Hear Missionaries In Special Addresses

Mass Meeting, For Women Only, In Epworth Church Sunday Afternoon

A mass meeting for women of all church denominations will take place Sunday afternoon at 2:30 o'clock in Epworth M. E. church, corner of East Washington street and Butler avenue. The speakers will be the Misses Sally Botham and Cecelia Lewis, of Marshall avenue, who have been missionaries to French West Africa for many years. This will be one of their appearances in New Castle for they are returning this month to the mission field.

Sunday afternoon's meeting is planned by the two missionaries because of requests made by women in many of the local churches where they have made missionary addresses. The requests were that they describe frankly the problems they have to meet in their endeavors to convert natives to Christian living. The meeting is for women only, and girls under 14 years of age are asked not to attend.

Although Miss Botham and Miss Lewis are serving on the mission field under the Christian and Missionary Alliance Board, they have friends not only in the Alliance church, but in all the local churches. It is believed that many will be interested in the meeting at Epworth Sunday. The missionaries will present a dialogue, "The Africa Scene," and will then give short addresses. Miss Botham and Miss Lewis will give their farewell message on Sunday evening, September 18, at 7:30 in the Alliance church on Pearson street. They will leave for New York City September 22, and will sail away on the Normandie September 28. In France they will board a smaller liner October 7, and will reach French West Africa late in the month.

OAKWOOD GARDEN CLUB LADIES MEET

Miss Margaret Lowery was hostess to the Oakwood Garden club in the home of her sister, Mrs. Bernard Flynn, Oakwood avenue, Thursday. Many beautiful bouquets of late summer flowers decorated the rooms.

A business meeting was opened by each guest answering roll call with a plant and seed exchange. Plans were made for the next meeting which will be a celebration of the club's first anniversary. This meeting will be on October 13. Mrs. Virginia Hasely will be hostess.

Miss Lowery read an interesting paper on "Fall Is the Time to Plan a Garden," and followed it with a brief description of the flower show at the Toronto Fair which she recently visited. Mrs. Fred Sontum was the winner in guessing the correct number and naming the correct species of flowers in the lovely centerpiece bouquet which had been arranged by Mrs. E. E. Taylor. There were 37 different kinds, all from her own garden.

A delicious lunch was served by the hostess, assisted by her mother, Mrs. William Lowery, and Mrs. Flynn.

P. F. F. Club Meeting

Mrs. Dale Gibson and Mrs. H. Mayberry were special guests and received guest prizes at the meeting of the P. F. F. club Thursday evening in the home of Mrs. George Gibson, Smithfield street.

The regular three tables of 500 held attention and at the conclusion of play, Mrs. James Doane and Mrs. E. D. Fee were awarded the high score prizes. Consolation prize fell to Mrs. Sam Carr, and the door prize to Mrs. C. Patterson.

Mrs. Gibson was assisted in serving a tasty lunch by her daughter, Mrs. Jack Robinson.

Mrs. Sam Carr invited the members and their husbands to gather at the Carr cottage, near Lakeside, on Wednesday evening, September 14. The next regular meeting will be September 22 with Mrs. Harry Buckley, Whipple street.

Q. A. C. Club

Card playing was a pleasant activity Thursday evening at the Q. A. C. club meeting in Mrs. Fred Stickle's home, Round street. High score prizes went to Mrs. William Murphy and Mrs. Ed. Hanna, and the gathering prize landed in the hands of Mrs. John Logue.

Mrs. Charles Adicko helped Mrs. Stickle in serving the ladies. Tentative plans for a turkey dinner were made for the near future. The next regular gathering will be in two weeks with Mrs. Frank Borio, Moore avenue.

MAHONING GARDEN CLUB MEMBERS MEET

Members of the Mahoning Valley Garden club assembled at the home of Mr. and Mrs. Charles Robinson on the Edinburg-Pulaski road on Thursday for their regular meeting. Mrs. R. D. Walker was associate hostess.

In charge of the outstanding program was Miss Elizabeth Wallace who introduced in turn the speakers. First was Miss E. Byler, who presented an interesting talk with the "Pickings of Bulbs" as the theme, next was Miss Martha Matthews, who gave an account of her recent trip to the Blumore House and Gardens in Blumore, North Carolina.

Later, the guests, numbering forty, were served delicious refreshments. Mrs. Clark McCombs will open her home on the Covert road on the second Thursday in October.

1936 Ki-Nu Club

Bingo formed the main diversion at the 1936 Ki-Nu club meeting in the home of Mrs. Milo Caldwell, Winslow avenue, on Thursday evening. A short business session preceded play.

Prizes were awarded to Mrs. Mildred Doer, Mrs. Eva Cowles, Glenn Webster and Norman Urey. Three special guests included: Mrs. Lula Campbell, Mabel Campbell and Mildred Rodgers.

Co-hostesses for the outing included: Mrs. Selma Flegler, Bernice Parker and Edna Gibson. Plans were made for a Halloween party in October.

La Folla Allegra Club

Members of the La Folla Allegra club gathered Tuesday evening at the home of Miss Annabelle Cherol, Division street.

Following the short business meeting, cards were played. Prizes were won by Babe Marcella and Helen Marcella. The club took were captured by Miss Pauline Fazzone and Betty DeCarbo.

At a suitable time the guests were invited into the dining room where a delicious lunch was served. Mrs. Pander was assisted by Mrs. Mildred Lesnik.

Special guests of the evening were Mary Jane Wolf of Ellwood City, Mrs. Sue Pander and Mrs. Mildred Lesnik. A lovely gift was presented to each guest.

In two weeks the club will meet at the home of Mrs. Ray Reed on East Washington street.

Daughters Tent 20

Daughters of Union Veterans, Tent 20, held an all day quilting at the Modern Woodmen of America hall, East Washington street, Thursday.

Thursday evening at 7 o'clock a business session was held with the president, Mrs. Martha Fox, in charge.

Following the business session, a card and bingo tournament was enjoyed. Prizes for bingo were awarded to Mrs. Laura McHugh and Mrs. Boyd. Prizes in 500 went to Miss Catherine Murphy, Mrs. Lawrence Fehrenbach, Harry Mahlan and W. S. Vaughn.

Various Languages Found In Books At Public Library Here

Not only are there books at the local public library written in English, but the person who understands foreign languages may be able to borrow a book written entirely in a foreign tongue. All of the books, written in other languages, are grouped in one collection. This group is found in the main stack room, on the first floor of the library, towards the rear of the room.

Found in this collection are books in the following languages: Italian, Polish, Arabic, French, English, Latin, Spanish, Hebrew, German and Ukrainian.

Some of the above named languages are represented by large numbers of books, while others have but a few, depending upon the interest shown by the readers.

These books pertain to subjects on religion, customs, language, history, grammar, poetry, travel, biographies, and other subjects too numerous to mention. Many of the popular and famous American books may be found translated into several foreign languages.

According to Miss Alice Sterling, librarian, the average Italian reader it, at the present time, more familiar with the classics than the readers of English. Many of the Italian books found in the library here are classics.

Of all the foreign language books those written in Italian and Polish are most widely read in this city. The largest collection is in the Italian tongue.

Miss Sterling states that there is one book which is found written in all of the various languages, the Bible. Nearly all of the books in foreign languages may be borrowed, said Miss Sterling, and full information regarding them may be secured at the main desk of the library from any member of the staff.

Gardeners are invited to ask the library for "Gardening Indoors", the enjoyment of living flowers and plants the year round, and new opportunities for home decoration by P. F. Rockwell and Esther C. Grayson.

Indoor gardening, like the hardy border and the herb garden, has suffered a period of comparative neglect, only to "come back" more strongly than ever. It is now a "new" vogue again and, unless all signs fail, will, like the hardy border, become a permanent one.

But the new indoor gardening is very different from the old. New methods of heating and moisture control within the home, the growth of the "sun room," many new plants suited to house conditions, recent discoveries in connection with fertilizers and fertilizers—all these have made possible more satisfactory results than were formerly possible. Then, too, there have been many advances in the art of indoor gardening—the use of living plants to create beautiful arrangements and groupings, large and small, rather than the mere possession of a collection of house plants.

In this book the authors point out the many possibilities in the new indoor gardening, and give explicit information—in the same interesting but practical style which has made their other garden books so popular—about the details of selecting the right plants, how to care for them, how to propagate and protect them, and how to use them in the creation of attractive indoor effects. The possibilities of the small, inexpensive, home conservatory are also described.

Some of the subjects discussed in this fascinating volume are: Types of indoor gardening; miniature gardens, soils and fertilizers; bugs and other troubles; flowering plants; foliage plants; vines and creepers; ferns; cacti and other succulents; bulbs; shrubs; annuals.

The library is happy to suggest this seasonable book.

Cantaloupe May Never Face Trial

(Special To The News)
MERCER, Sept. 9.—Twenty-one true bills were returned Thursday by the Mercer county grand jury which has been in session all week. Of the 21 returns, eight are against Joseph A. Cantaloupe, former tax collector of Farroll, charging him with a shortage of \$58,885.87 in his accounts.

It is doubtful if Cantaloupe will ever be tried. A warrant has been issued for his arrest, but he is said to be in a dying condition in his home. While the cases will be listed for trial next week when criminal court opens, Cantaloupe will not be brought into court due to his condition. If he recovers trial will be held later.

Seventh Warders
Request Return
Of No. 7 Fire Truck

Seventh ward residents on Thursday appealed to council to return to the Seventh ward fire station No. 7 truck and remove No. 4 which spokesmen described as an antique. They said that during July, No. 4 was driven to a fire without headlights and the battery was so low the spotlight would not work.

G. G. Horchler and others asserted No. 7 was bought for the seventh ward.

Councilman J. M. Rice said it was bought for the city. He said the fire chief had recommended placing No. 7 in Central fire station and No. 4 in the seventh ward.

Rice said the water pressure is high in the seventh ward and a booster tank is not necessary.

SELF EXPLANATORY

R. F. D. No. 1,
New Wilmington, Pa.,
Sept. 7, 1938.Editor,
New Castle News,
New Castle, Pa.Dear Sir:
I have read about two crackups in The News on the Mt. Jackson hill in the past year. These crackups were both large trucks and they meant a large property loss for somebody.

Although the average motorist does not realize it, the danger sign is half way down the hill. From personal experience I know that the driver of a large truck on a strange road has very little chance of stopping when he sees a danger sign half way down a hill.

All drivers that I have talked to agree that a large sign should be placed at the top of the hill. I am writing this to you in hopes that you will do what you can to have the above matter properly taken care of.

Yours truly,
GLENN G. PEEBLES.Cycling Is Safe
At Grove City

GROVE CITY, Pa., Sept. 9.—Only two cycling accidents here during the summer, with 600 bicycles in regular use, is the remarkable safety record pointed out by Burgess Harvey Young as the result of a campaign he instituted in the spring.

One accident, in which a girl suffered a broken arm, came as a direct violation of the local regulations prohibiting two riders on one bicycle. The other apparently was unavoidable, a girl rider suffering a broken nose when she rode into a moving automobile.

Chocolate Fudge Layer Cake

There was a time when a lady would slave for hours over a hot kitchen stove... baking a big chocolate cake for her "lover". If she had good luck, the cake would be enjoyed by the "object of her affection"... but in either event she got a kitchen complexion.

But today she is smarter. She realizes that a smooth complexion is as important to "her man's" heart as the chocolate cake is to his stomach. So she will artfully win on both wants this week by simply ordering a Chocolate Fudge Cake from Gustav's Bakery.

Christmas Seal Sale Planned At District Meeting

Representatives Of Western Pennsylvania Societies Meet In Pittsburgh

Representatives of nine Western Pennsylvania counties, including Lawrence county, met in the William Penn hotel at Pittsburgh Wednesday to arrange for the thirty-second and largest annual tuberculosis Christmas Seal sale.

The speaker of the day was Charles T. Westfall, former Lawrence county resident, now treasurer of the Pittsburgh Academy. Mr. Westfall told the group that tuberculosis can be wiped out as thoroughly as diphtheria has been all but eliminated.

He told them that each city, town and village must be enlisted in the fight to conquer tuberculosis which takes more lives of from 15 to 45 years of age than cancer or pneumonia in Pennsylvania.

Miss Frances Brophy, representative of the National Tuberculosis Association, said that in the home grandmother's "asthma," father's chronic "cough" or the mother's "bad sinus" is often tuberculosis which spreads from one member of a household to the others unless it is discovered in its early stages.

Dr. C. Howard Marcy, medical director of the Tuberculosis League of Pittsburgh, welcomed the visiting health workers and introduced the speakers at the luncheon program.

The representatives from Lawrence county included Miss Della A. Glenn, secretary of the Lawrence County Tuberculosis Society, Mrs. Paul M. Allen and Miss Patricia Allen of Union township, Mrs. Harry Sturdevant of New Castle, and Miss Lorena Thompson of Ellwood City.

Ask For Paving Of Cherry Street

Seventh Ward Residents Urge
Paving From Railroad To
Shenango River

Seventh ward residents, represented by G. G. Forchler, Thursday appeared before city council and urged the city arrange to have Cherry street paved between the P. R. R. and Shenango river paved as a city-WPA project. The spokesman said it would aid industry. The petition, signed by B. & O. employees, said it would also aid traffic to the Universal Sanitary Pottery.

Glenn R. Throop, city engineer, said he believes that a much better paving job might be required because of trucks operating in that section. City-WPA paving projects have a stone base and a blumous top. It was indicated consent of brick might be required were the street to hold up under heavy traffic.

The petition is number 52. The thirty-second paving job now is under way. It might be a year it was indicated before Cherry street could be paved. The petition was referred to committee. **—BUY IN NEW CASTLE—**

TRY FOR AN ART SCHOLARSHIP

Copy this girl and send us your drawing perhaps you'll win a COMPLETE FEDERAL COURSE FREE! This contest is for amateurs, so if you like to draw do not hesitate to enter. Prizes for Five Best Drawings—FIVE COMPLETE ART COURSES FREE, including drawing outfits. (Value of each course, \$215.00.) **FREE!** Each contestant whose drawing shows sufficient merit will receive a grading and advice as to whether he or she has, in our estimation, artistic talent worth developing. Today design, color and illustrating influence the sale of most merchandise. Trained commercial artists have, therefore, become important in industry. They are in demand, well paid, machines can never displace them. Artistic talent is comparatively scarce. If you can draw, why waste this rare gift? Train yourself to do work for which nature has fitted you and which few people can do. Success nowadays comes easier to those who develop natural ability. We have trained many young men and women now capable of earning up to \$5,000 yearly as artists. Use this opportunity to test your talent. Read the rules and send us your drawing.

The Human Side Of The News

(By EDWIN C. HILL)

Copyright 1938 King Features Syndicate, Inc.

The New York Limited Editions Club issues a handsome prospectus for its forthcoming illustrated Shakespeare. It will be a tour de force in the publishing world; not the first time the Bard has been illustrated, I believe, but undoubtedly the most elaborate and magnificent project of the kind. The sample illustrations, in black and white, although they will be in color in the text, are by such artists as Arthur Rackman, Nikolai Lapshin, Gordon Craig, Eric Gill, Gordon Ross and Rene Sussan. They seemed, to this writer, beautifully done.

When, in the seventies, it was first learned that Gustave Doré proposed to illustrate the Bible, there was much opposition from religious quarters. It was contended that this would be sacrilege; that the sacred book should remain as it had always been. There was similar opposition to the recent rendering of the Bible into modern English, and there were those who thought Rockwell Kent's illustrations for Shakespeare were a sort of intrusion on hallowed ground.

The format, or the choice, of the classics, to take a figurative turn, somehow gets into our mind as something immutable and inviolable. What a profanation it would seem to find Mr. Pickwick or Alice in Wonderland done by a modern artist, appearing in an entirely new guise, no matter how supremely effective the drawing might be!

Our clinging to these beloved stereotypes of faith, inspiration or

entertainment is natural and understandable, and I confess that I am quite an old stick-in-the-mud when it comes to liking what I like, but I have an idea it's just hardening of the intellectual and aesthetic arteries.

The great classics are like the widow's cruse of oil in the Bible. No matter how much we take out of them there's always something left. Modern knowledge and criticism have greatly illumined both sacred and profane literature. So why shouldn't the artists have a turn at it?

In short, when you think of the dull grind of high school days, perhaps under some deadly pedagogue who dissected a masterpiece until it was no more than a cadaver, why shouldn't all the classics have some fine, up-and-coming snappy illustrations, within the compass of a modern youngster's understanding and appreciation? Why do they have to be embalmed everything in a desiccated and foot-noted text?

I'll lay a bet that if they would turn the art staff of this newspaper loose on Milton, Shakespeare, Rabelais, Montaigne, Chaucer, Spenser, et al., for the schoolbooks they would have youngsters all over the country wolfing the great classics like hot dogs. And, just in passing, wouldn't Don Quixote and Sancho Panza make a swell comic strip?

That's an odd sort of an argument in New Jersey between the

duck hunters and the mosquito-exterminators. The latter charge that the sportsmen have induced the United States Bureau of Biological Survey to end drainage work in Ocean County. Mosquitoes have been especially pestiferous this year, and extensive CCC and WPA work has been carried on throughout the State. But that is bad business for ducks spoiling their marshy breeding grounds. It seems that if we have ducks, we must take mosquitoes along with them. Life is often like that.

A managed biology seems to be just as tricky as a managed economy and to fetch up in the same dead end if you follow it far enough. Julian Huxley, the scientist, has made that clear in some elaborate examinations of the balance of nature. He shows that in the free-and-easy flux of life on the planet, animal and vegetable, there are offsets and counter-balances which keep it all rolling along without great distortions.

But the vast fields of modern agriculture are magnificent banquet tables for bugs and they get a planetary run which throws delicate life adjustments out of kilter. When we breed this bug to fight that one, we may save our crop, but there's no knowing what we are doing to this inscrutable life force which always causes trouble if we mess it up too much.

We succeeded in building the Panama Canal where the French failed because we learned how to exterminate germ-carrying mosquitoes. It was a magnificent job and a net gain to everybody, except American railroads. Thus the economic imbalance often parallels the biological disturbance in our rule over the earth. But, of course, we don't want to turn the works back to the ducks and the mosquitoes.

AROUND CITY HALL

Councilmen have approved contracts for the city's purchase of material required for work at the Municipal airport, near Parkstown Corners, Route 422. The contracts were awarded as follows: terra cotta pipe, Mooney Bros.; and Mahoning Supply company; Bituminous concrete, Cambria Slag company; crushed stone, New Castle Lime & Stone company and asphalt emulsion, John A. McNeil.

Property-owners in Boyles avenue have requested city council to widen that thoroughfare between Highland avenue and a point 108 feet west to a width of 47 feet. The councilmen decided to view the section.

Councilmen and other officials attended the League of Third Class Cities convention in Reading last week. Expenses of some were approved by council as follows: A. J. Shoaf, assessor, \$31; J. L. Fink, finance director, \$30.28; C. C. McKibben, treasurer, \$52.40, and J. D. Alexander, director of grounds and buildings, \$29.

Council has approved the temporary appointment as a fireman of William Broadbent. He will serve 10 days. He was recommended by Director of Public Safety J. M. Rice.

New Castle Street Electric Railway company has agreed to the provisions of an ordinance, adopted recently, by which the company will be permitted by the city to substitute bus service for street car service on the Croton line. The city had agreed to join in an application to the Public Utilities commission for permission to make the change.

Mr. and Mrs. Tammelo have informed city council they would like to buy a city-owned strip of ground at the southeast corner of South street and Apple way. The strip is where the Marquis blacksmith shop stood. The city leased the ground recently to William E. Marquis. It will be used as a parking ground, it was learned.

City Solicitor William D. Cobau has recommended to city council that the request of Attorney Robert White be granted. White asked that interest and penalties on four lots, owned by the Sample heirs, in Liberty street, be abated, providing other tax imposing agencies agreed and he would pay \$500. The liens with costs amount to \$556.56, and with penalties, up to September, the amount is \$932.66.

Business On Increase; Outlook For Fall Good, According To Babson

By ROGER W. BABSON
(Copyright, 1938, Publishers' Financial Bureau)

BABSON PARK, Mass., Sept. 9. This is a big week. It marks a definite turning point. Now begins the business New Year. In view of the strength which business is developing, we ought to ring bells, blow horns, and put on a great New Year's celebration.

Just compare the situation today with conditions a year ago! Last September—although few realized it at the time—business was pushing off on a sharp toboggan slide. Today we are fortunate in facing exactly the opposite situation. Business is in a powerful elevator sweeping upward to higher levels. My prediction is that the 1938 trend on its way up will pass the 1937 level on its way down some time before Thanksgiving.

Everyone Not Bullish

Yet I find that my optimism is not shared by everyone. Many people fear that the current improvement is more campaign window-dressing than business upswing. Others refuse even to recognize that there has been an advance in activity this summer. Members of the latter group keep asking me: "Where do you get your figures? My business is no better!" Hence, I want to give readers some definite facts.

Figures usually make such dull reading that I avoid them whenever possible. The following facts are so cheerful, however, that everyone should glance them over:

1. Heavy industries: Steel operations—at 44 per cent of capacity—up 100 per cent from the June low. August machine tool orders 50 per cent above July. Railroad equipment showing signs of life for first time in a year and a half.

2. Building: Running up 5 to 10 per cent above year-ago level. Recent week was best in seven years

at this season. Private construction doing its part in this improvement. 3. Banking: Deposits only 10 per cent below 1937 level. Deposits up \$2,000,000,000 since New Year's. Loans to business reviving. Business failures falling.

4. Prices: Security prices up 40 per cent; from lows. Commodity prices climbing. Retail prices 8 per cent below last September and holding steady.

5. Light industries: Textile activity 33 per cent above three months ago. Shoe output has jumped 50 per cent since Spring. Lumber "cut" up 30 per cent more than normal since Easter.

6. Other barometers: Weekly carloadings up 100,000 cars, or 20 per cent, since Memorial Day. Foreign consumption 10 per cent above June low. Auto retail sales prospects for September most hopeful in a year.

Upswing A "Natural"

After reading these figures—based on actual statistics on my desk—can anyone doubt that the upswing is real? Putting these facts all together in my Babsonchart Index, I find general business is 11 per cent higher than on June 1. Many people insist that public spending is the sole reason why business is better. I do not agree. I think that the improvement is due to natural causes. During April, May, and June, less goods were being produced than were being sold and consumed. Production had to start up and it was purely coincidence that the turn came just as the WPA and PWV faucets were opened.

From now on, however, public spending will be one of the strong influences on business. Between now and February first a torrent of dollars—nearly three billion of them—will pour out of the U. S. Treasury. Every thirty days now for the next five months Uncle Sam will hand out half a billion dollars in another spectacular attempt to spend the nation back to prosperity. Such a huge stream of dollars will have a powerful effect on trade and industry this fall.

Farmer's Dollar Buys More

There are other factors that will give business a real impetus in the months ahead. Cash receipts from bountiful crops is an important one. I estimate that farm buying power will be off only about 10 per cent from a year ago despite the heart-breaking crash in farm prices. Those extra bushels of wheat, sales of cotton, and pounds of butter will help to offset lower prices. Also the dollars they bring in will purchase more goods today than they would have purchased a year ago. The farmer's 1938 dollar will buy as much as \$1.05 would have bought in 1937.

Another bullish factor is more money for wage earners. Rising industrial activity has already lifted the buying power of mill towns and factory cities. I estimate that \$25,000,000 more per week is now flowing into pay envelopes than three months ago. Much of this money is being used to clear up back bills, but it will soon be flowing into new sales. Retail trade right now is less than 10 per cent below a year ago in dollar volume, while in unit volume it is running along stride-for-stride with last labor day.

Heavy Retail Trade Expected

Hence, I am bullish on business in general and retail trade in particular for this fall. Prices of goods are attractive and people will have the cash to buy them. Aggressive merchants should have one of the best autumns on record. Salesmen should have an opportunity to make up for the lean months of the Spring. Newspapers should see a real spurt in their advertising line-age. Wage-workers can expect a fuller week's work. Salary workers need fear no further pay cuts. Security-holders should see the prices of selected issues steady to higher. Investors should receive more generous dividend payments later this fall.

So my advice is: Get busy and make the most of the opportunities ahead!

Holds Decision In Scipio Case

Decision was reserved today by Alderman James C. Brice after the hearing of Patsy Scipio, charged with illegal lottery. Assistant District Attorney L. K. Donaldson called State Motor Patrol officers, Corporal William Brush and Walter Gibbons. They testified they had arrested Scipio on September 7, and that he had in his possession several "combination cards" used in the playing of numbers and \$2.72 in small change.

Counsel for the defense John S. Powers argued this did not constitute evidence of guilt and that the defendant should not be held for court. A decision will come down later.

Department Store Employees Ready For Long Strike

Expect Settlement Of San Francisco Strike To Take Quite Some Time

(International News Service) SAN FRANCISCO, Sept. 9.—Department store employees and members of the struck Retailers Council prepared for what apparently was to be a long siege in the strike of 6,000 employees in 27 major department stores in San Francisco. At the same time three organizations started moves which they hoped would bring the embattled factions to an understanding and a peaceful solution of the strike, which moved into its third day.

Mayor Angelo Rossi, who sped home from Portland, Ore., yesterday, made new attempts today to get members of the Retailers' Council Soon after his arrival he met with union officials and representatives of the Central Labor Council, obtaining their views preparatory to presenting them to employers, were they to agree to meet with him. After the meeting with the union officials, Mayor Rossi announced: "The labor representatives pointed out their desire to reach a harmonious settlement of the present impasse, declaring they had with-

drawn most of the points at issue in earlier negotiations with the employers. "Union men indicated if the retailers would submit the question of store-wide seniority to arbitration, the union would go a long way toward meeting the employers on the question of establishment of employment lists." —BUY IN NEW CASTLE— Let's have more team work. Class Honors
J. M. Yates

Completes 17 Years As
Teacher Of Group; Is
Honored On Birthday

Thursday

Honoring their teacher, J. M. Yates, members of the Men's Bible class of the Mahoning Methodist church gathered at Cottage Grove, Thursday evening. The event was in the form of a surprise and families of the class members were special guests.

Mr. Yates has just completed 17 years teaching service with this class, and for this reason the men of the church deemed it wise to recognize his faithfulness with the social event.

There were over 100 persons present and an excellent program was presented. Mr. and Mrs. Ralph Cooper and Mr. and Mrs. Frank Cooper served as hosts.

On September 6, of this year, Mr. Yates attained the age of 70 years and his birthday anniversary was also honored at the outing. A beautiful bound set of books, filled with reference on the Old Testament were presented by the honoree to the class.

A brief program was presented under the direction of M. A. Boyd, president of the class. A delicious dinner and a wienner menu was served by the following committee, headed by President Boyd:

Francis Free, Claire Gorley, Ralph Pierce, and Jess Gehrken.

Special Services In Christian Church Thursday Evening Well Attended

Thursday evening, the auditorium of the Madison Avenue Christian church was again well filled for the evangelistic meeting being conducted by the Jope Evangelist party. A special "family night" service was conducted.

Tonight, another special service will be held. This will be sponsored by the youth of the church and will be known as "Youth Night," with the appropriate sermon theme, "Waiting the Crown," being used by Mr. Jope.

People, young and old of all ages, are invited to the service and a large attendance is expected. Mrs. Jope will play "The Rosary" on her violin. A vocal solo by Rev. Milton E. Shearer, and a vocal duet by Myrtice and Delphine Jones will be on the program.

Helen Jacobs And
Alice Marble Are
After Tennis Title

(International News Service)

NEW YORK, Sept. 8.—Two Californians, Helen Jacobs and Alice Marble, today displayed a determination to win the national singles tennis crown which Senorita Llanza, a Chilean, now married and living in Scotland, is not defending.

As the second day of the tourney opened indications were that Jadwiga Jedzejowska of Poland, who

was beaten by the Chilean in the 1937 finals, would be a threat to the coast girls.

Miss Jacobs, without losing a game, eliminated Anne Harrison of Ruxton, Md., in her initial engagement. Miss Marble opens her play today against Mrs. Catharine Sample of Miami while the Polish star meets Elizabeth Blackman of Detroit.

Defending his crown, Don Budge meets Welby Van Horn of Los Angeles.

BEWARE!
When Soap Suds Die!

Water intended for cleaning clogged with thousands of soap curds. The cause of dull grey-looking clothes. Foggy glassware. Dull china.

White things at their whitest, colors bloom clear and bright, dishes gleam again when you use CLIMALENE. The famous grease-dissolving cleanser. Use only 1/2 the soap. Yet suds always stand up!

Take care when the soap suds in the wash-tub, washer or dishpan fade away. A sad experience is just ahead.

All the cleaning power in the grey-looking water that remains has been destroyed. It's greasy throughout. Cluttered with thousands of soap curds!

Chances are your fine things, delicate lingerie and colored clothes will come from the washing with a dingy dull look... your glassware foggy... your china with a dull cast. No matter how carefully you work.

SAUL—MORAL FAILURE

"Brass Tacks" On The Sunday School Lesson

The Golden Text

I Samuel 15:22—"To obey is better than sacrifice."

By DR. ALVIN E. BELL
(The International Uniform Lesson on the above topic for September 11 is I Samuel 10:17-25; 15:10-23; 28:1-25; 31:1-6, the Golden Text being I Samuel 15:22. "To obey is better than sacrifice.")

Saul, first king of Israel, is the most tragic character of the Old Testament. He started well; he had the guidance of Samuel, the loyalty of David and Jonathan, the opportunity of a great national service; but he made shipwreck of it all on the rock of his own willfulness. All could have been different had he with that other Saul of the New Testament, only been willing to say continually, "Lord, what wilt thou have me to do?"

"Make Us A King"
The crushing grief of Samuel's life was the nation's rejection of God's ideal for them in the theocracy for their own plan of a monarchy. This people, whose Ruler was to have been Jehovah, grieved Samuel with the demand, "Make us a King to judge us like all the nations." God intended them to be "a peculiar people"; they rebelled and insisted on being "like all the nations." Therefore God said to Samuel, "They have rejected me that I should not reign over them."

"God Save the King"
Thus it came about that God acceded to their demand and directed Samuel to select and anoint Saul to be Israel's first king. "And when he stood among the people, he was higher than any of the people from his shoulders and upward." And Samuel said to all the people, "See him whom Jehovah hath chosen, that there is none like him among all the people?" And all the people shouted and said, "Long Live the King." And this man of the people's choice had kingly qualities other than that of a good physique. Chief among these was his

humility. He demurred to Samuel on the grounds of the smallness of his tribe and the obscurity of his family; he hid among the baggage when they sought for him to crown him; he refused to punish those who objected to the choice of him as king; when they taunted him with his unfitness "he was as though he had been deaf."

Had Saul thus continued to follow the leading of God's Spirit in obedience to God's word through Samuel he would not have made shipwreck of his throne and of his soul as he did. Within 20 years from his accession we come upon an entirely different man in King Saul. Years of success have turned his head and hardened his heart. He has become willful, arrogant and disobedient, even usurping the priestly functions of Samuel in his vanity. Ordered to utterly exterminate the wicked Amalekites and their cruel king, Agag, with all of their possessions, Saul turned the crusade into a curse by turning the conquest to his own selfish gain and vain glory. He spared Agag to adorn his triumphal return and the best of the sheep and oxen for his own profit. "I have performed the commandment of the Lord . . . the people spared the best of the sheep and of the oxen to sacrifice unto Jehovah thy God."

To which sickening alibi Samuel replied, "Behold, to obey is better than sacrifice and to hearken than the fat of rams."

In other words, empty, loveless worship, from rebellious and willful hearts can never qualify as religion in the sight of God. Saul's doom is sealed by his own rebellion. He has forsaken God and as a result God forsakes him. He may resort to the devil and the works of darkness with the witch of Eder and thereby only add to his sin, but judgment fell speedily on his death on the battlefield of Gilboa.

Captures Large Carp In Stream

On Wednesday, employees of the Shenango Pottery, were much interested in seeing a large fish floundering and splashing in a pool in the run, which flows through Snake's Rest to the Shenango River, near the plant.

It was not long, before a colored man came along and espied the fish in its predicament. He soon proceeded to get it with his hands, and after much struggling and splashing, in which commotion the man got very wet, he finally succeeded in leading his quarry, threw it on his shoulder and marched triumphantly away.

Next day the man returned and informed those who had witnessed the incident, the fish was a carp, weighed 16 1/2 pounds, and made very good eating.

SOLVES TRAFFIC RIDDLE
 (International News Service)
 PORTLAND, Ore.—K. A. Granger has hit upon a sure-fire method of getting through street crowds. He takes Miss Violet, walking, and Miss Violet is a pet skunk. The animal has been "deodorized," according to Granger, but people don't know that so they never hesitate to give passageway to the prettily-beribboned Miss Violet and her "escort."

Yankees Close To Pennant In American Loop

Need Only 13 More Wins; Pirates Fold Up In Night Game At Cincinnati 5 To 3

FIGURE YANKEES ARE TOO STRONG

By ANTHONY J. FUGLIESE
International News Service Sports Writer

NEW YORK, Sept. 9.—Cruising toward their third consecutive American League pennant, the Yankees of 1938 today are in an excellent spot to exceed the New York team of the past two seasons in the matter of games won.

The Ruppert Rifles, bearing a 14-game lead over the Red Sox and Indians, already have won 90 games and need only 13 of their remaining 23 contests to surpass the 102 triumphs chalked up by their predecessors in 1936 and 1937.

This feat, at this stage of the campaign, appears fairly simple, for the Yankee machine over the past month has been the hottest team in either league. The Yankees are amassing an amazing total of runs batted in, with Joe DiMaggio leading the pack with 124 and Bill Dickey and Lou Gehrig both over the 100 mark.

Series Favorites

Taken as a unit, the Yankee outfit figures to wallop the National League representative in the world series, for Joe McCarthy's pitching leaves little to be desired, and the attack at the plate has been consistent and extremely powerful.

Lefty Gomez pitched his fourth shutout and 16th victory of the year for the Yankees yesterday in blanking the Red Sox, 4 to 0. Joe Gordon, flashy rookie, aided with his 22nd home run.

The Indians remained in a tie with the Red Sox by dropping a 4 to 1 decision to the Tigers as Al Benton held the Tribe to eight safeties, for their first loss in 10 starts.

The Senators defeated the Athletics, 5 to 2, as Ken Chase held the Mackmen to six hits and hung up his eighth victory. The Browns and White Sox were rained out in Chicago.

In the National League the fire-works continued to flare as the Cubs won their fifth straight game, beating the Cardinals 7 to 4 in 10 innings.

Peoples By 2 To 1 Victory Take Second-Half Of Junior League Season

The Peoples team topped the Fannins Wednesday night at Dean Park field, 2-1, to win the second-half championship in the junior softball league. Latess was the winning hurler. He held the Fannins to one hit.

The Peoples team had four hits off of Bill Johns. DeVito did a lot of spectacular fielding all during the game. The Fannins having won the first-half, the two teams will start their city junior championship series probably on Sunday.

NEW CASTLE HIGH'S 1938 GRID SQUAD

Reading left to right, front row—Eddie James, Lindy Lauro, Charles Ciacllo, Joe Gender, Pete Zarilla, Socrates Roussos, Jim Rucker, Ernie Adamo, Amen Johns, John Kulnis, Wilbur Phillips, Eddie Sowinski.

Second row, left to right—Gus Kennedy, Ted Swatkiwch, Jim DeMarco, Sam Hadad, Antonio Castrucci, Patsy Picirillo, Eddie Noga, Steve Motko, Stanley Palkovitch, Eric Makihill, Lawrence Roberts.

Back row, left to right—George Miller, manager, Patsy Donofrio, Joe Audino, Matthew Raskowski, Jim Toler, Ralph Cenname, Joe Peiusak, Jimmy Timinski, Philip Carson, Frank Mulley, Tom Gilboy, Fred McKee, John Genneck, Jesse Toth, manager.

Pictured above is the 1938 edition of the New Castle high school football squad that will open the season next Friday night at Taggart stadium with Butler high as the opponent. The photo was snapped while the team was in training at Muddy Creek Falls. There is only a sprinkling of veteran linemen left, but Head Coach Bridenbaugh is developing a strong line from a wealth of material sent up by the three junior highs. The backfield est that any team has faced in the past several years and will include games with Massillon, Martins Ferry, Washington, Warren, Sharon, Beaver Falls, Monessen and Haz-Brack.

Veteran Backs On High Team

Head Coach Phil Bridenbaugh Picks Backfield, But Line Is Still Problem

It is almost a safe bet that when New Castle High trots out to meet Butler High next Friday night at Taggart Stadium the Red and Black backfield will contain Ciacllo at quarter, Joe Gender and Eddie Sowinski at the halves, and Lindy Lauro at fullback.

The reason we say that this will be the backfield is due to the fact that our friend Bridenbaugh says so, and that makes it unanimous with us. But when we asked about the line the veteran mentor didn't sound any too happy.

Line Is Problem

"To tell you the truth, I don't know what to do about the line. There are several good looking prospects, only two veterans, Roussos and Kulnis, but the boys are all working hard for starting berths," Bridy said.

There is a three-man fight for the center job held last year by David "Dutch" Updegraff. Adamo, Hadad and Pelusak are the leading candidates. Just who will get the nod will depend on the boys the first few days of next week.

Need Good Ends

The ends are going to be a big worry for a while. This boy Zarilla from Mahoningtown is going to give somebody a tough fight for one of the terminals. The other boy who looks good is Phillips. He is big and rangy, and fast.

Jim Rucker, from up George Washington High way, is trying hard to land a guard job, and may succeed. Gastrick of Mahoningtown is one boy who will give them all a fight for a starting post. Eric Makihill is another likely guard prospect.

Pittsburgh Team Is Eliminated In Softball Tourney

Cozza Team Of Pittsburgh Gets One Hit Off Of Cowan

(International News Service)
CHICAGO, Sept. 9.—Competitor in the world's amateur softball championship tournament resumes today with 64 entrants still in the running. Rain forced postponement of most games last night.

All contending teams are due to see action today, with a few of the squads doubling up in order to set the stage for the quarter-finals tomorrow evening.

First round games produced one no-hit clash, participants being Pittsburgh against Pittsburgh, Cal. The latter qualified for second round play behind the faultless pitching by Harry Cowan who allowed only three runners to reach first, two on walks and one on an error. The score was 6 to 0.

Chicago's Lissingers, who defeated Detroit, defending champs, play Des Moines, Ia., today. If successful, they will bid for a quarter final berth against the winner of the Toledo-St. Joseph, Mich., aggregation.

Bessemer To Meet All-Stars Saturday

All-Stars of the County league and Bessemer, pennant winners, will play at 3 p. m. Saturday at Bessemer, it was stated today. The game will be for the benefit of Archie Young, Bessemer player, who fractured an ankle in the first game of the season. The All-Stars were selected from Wampum, Hillsville and South Hills teams.

CHAMPIONSHIP AT STAKE

The midges softball championship of the Croton district will be at stake in a series between the Joy Gardens team and the Dewey A. C. starting Sunday afternoon. It will be a seven-game series. The game will start at 2 o'clock. The Dewey A. C. won the title last year and hope to repeat.

HERE AND THERE IN SPORTS' LAND

Tiger Jack Fox defeated Yustin Struts in 10 rounds in the Police Insurance show held in Youngstown last night. Struts lacked a punch and Fox apparently took things easy. Fox weighed 179½ and Struts 217. Honey Boy Jones decided Rudy Marshall in a hot 10-round semi-final, at 157 pounds. Tony Pohansky beat Patsy Murphy in six rounds at 140 pounds and among the other bouts, Rich Gregory drew with J. D. Williams at 137 pounds.

The Curtis cup will stay in the United States because the Americans defeated the British team 5½ points to 3½ to win the international trophy for the fourth time at Manchester-by-the-Sea, Mass. Glen-na Collett Vane of Philadelphia, seven-times national title-holder, clinched the victory for the U. S. with a 2 to 1 win over Mrs. J. B. Walker.

Bishara May Pitch Tonight

It was announced today by Manager Italo Amodie that he may pitch Norman "Cannonball" Bishara tonight against the Rads in the fifth game of the series if he returns from Chicago in time.

Bishara went to Chicago to the national tournament with the famous Cozza team of Pittsburgh, and it is reported that the Cozzas have been eliminated in the tourney.

Manager Amodie will use Sammy Pezzone if Bishara is not available. The Rads have won 44 games and lost but 10 this year while the Amodies have won 39 games and dropped 12.

Amateurs Find Oakmont Tough

Amateurs Praise Tough Oakmont Layout; Eliminate Few Traps

(International News Service)
PITTSBURGH, Sept. 9.—Tuning up in preparation for the 42nd annual national amateur golf tournament which begins here September 12, the majority of "big guns" with bag, baggage and clubs, today settled down for a week-end of light practice.

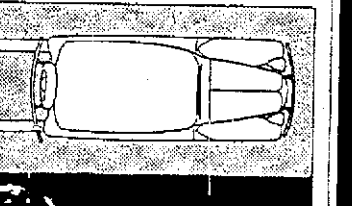

Nearly every one of the leading amateurs had nothing but praise for Oakmont Country club, stage for the coming tourney, which has been "made a little easier" than for other tournaments, according to Emil Loeffler, home club professional.

A number of traps has been eliminated, but the course will be a little longer, Loeffler stated, as the amateur tourney participants began trekking in from a "practice round."

Among the earlier arrivals are Charley Yates, Atlanta, Ga., hopeful and current wearer of the British amateur crown; Sandy Somerville, Toronto, Can., former amateur title-holder; Ray Billows, Poughkeepsie, N. Y., last year runner-up for the amateur crown; Frank Strafack, the Brooklyn golfer and Charles "Chick" Evans, Chicago veterans.

Larry MacPhail, executive vice-president, denied that Mickey Cochran has been selected to manage the Brooklyn club in 1939.

Varieties And Friendships To Play For Title

Factor Varieties Defeat Liberty Stars And Friendships Defeat Chewton

TITLE SERIES TO START SUNDAY

The Factor Varieties and the Friendship Street girls softball teams will clash Sunday at Rotary field in a double bill for the girls softball championship of Lawrence county. The first game Sunday will start at 2:30 o'clock. Arrangements for the title series, the best out of three games, was made by Rocco P. Virginia following the semi-final games played last night.

Factors Win Close One
The Factor Varieties last night won a close one, 7 to 6, over the Liberty Stars of Mahoningtown at the Gaston Park field. Pep Pisuia on the mound for the Factors, held the Liberty to five hits. The Factors had seven hits off of Irene Domenic.

Errors hurt the Factors somewhat according to Manager Joe Factor. The game was nip and tuck all the way with the issue decided in the seventh frame, in which both teams scored three runs. The fans went wild when it looked as if the Mahoningtown would defeat the great Factor team, but the rally was cut short. Carali, Zimano and Polack were the best for the winners with M. Domenic, Rainey and Irene Domenic the best for the losers.

Score by innings:
Factors 010 003 0-7 7 2
Liberty 010 200 8-6 5 2
Batteries—Factors, Pisuia and Kluy Reiter; Liberty, Irene Domenic and Rainey.
Umpires—Turco and Ostrowski.

CHEWTON IS NOSED OUT
The Chewton girls team fought hard to stay in the tummy but the Friendship Street girls were a little too heavy for them, and won their semi-final game at Rotary field by the score of 10 to 8.

Helen Alack on the hill for the Friendship, hurled a steady game and gave 10 hits. The Friendship had 11 hits off of Edmiston. Eight errors by the Friendship hurt a good deal. Novaleski and Sberro were the best for the Chewtonians. For the Friendship girls it was Alack, Naples and Lamorella that looked the best. Manager Jim Cook of the Chewton girls team, congratulated co-managers Colella and Natale for their victory.

Score by innings:
Friendships 020 060 2-10 11 8
Chewton 200 410 2-9 10 3
Batteries—Chewton, Edmiston and Regna; Friendships, Helen Alack and DiMuccio.
Umpires—Callagher and Isaac.

Rambling Around World Of Sports

Season opens Saturday here... Ellwood City high school unveils the 1938 gridiron season in Lawrence county Saturday, battling Wesleyville high in Ellwood City. Here's hoping our neighbors start off with a win.

Inside stuff on Bessemer... As per usual, Bessemer high school's 1938 grid machine is expected to be another juggernaut that should go far. This fall's combination is expected to carry on the winning ways of former Bessemer clubs, a tradition that has existed season in and season out. Last year's team sailed through the calendar undefeated and untied. Coach A. G. Capezutti's eleven shapes up as a lighter outfit but a notch faster. The reserves, somewhat green, show promise of developing into high class material.

The tentative lineup: Hribar and A. Drahushak, enough to make any mentor smile, are regulars from '37. M. Calderaro, a letterman; S. Scuta, junior; J. McCree, a sophomore; J. Moss, junior; and P. Drahushak complete a well balanced wall. In the backfield, Archie Shoup, extra-point kicker extraordinary, will again appear at full. H. DeArment (plenty sweet) or quarterback T. Zorinich and J. Kennedy are battling for one of the halfback posts. B. Pello has clinched his halfback job. D. Cracraft, Carmen Pezzuolo and A. Scuto stand out among the reserves. The remainder of the squad includes: A. Shulgua, P. Johnson, M. McCree, P. Germonovich, J. Kertell, P. Conner, P. List, S. Squeglia, Ed Notareschi, J. Kero, Oliver Mack, J. Genova, W. Edwards, Ed Hulina, J. Perk, R. Bryan, F. Gallo, H. Welker, K. Byers, L. Rich, P. Young, J. Berdy and D. Hardesty.

Curbstone grid chatter... A former Pitt Panther speed merchant, Mike

Sebastian and Benny "Red" Ciccone, former New Castle high and Duquesne university star, provided some interesting data on the coming grid campaign. Sebastian, naturally true to his alma mater, can't see the Panthers losing a ball game. "The stuff is there and plenty of it," the Sharon athlete said. "West Virginia will be tough for an opener; it was agreed. Ciccone, who has seen action with several professional outfits, was timid in predicting the success of the "Night Raiders." "They'll give Pitt enough trouble, you know that inter-city rivalry," Ciccone said. Ciccone and Sebastian will likely don their togs in the "pro" ranks this fall. A fine pair of plgskin catchers.

Sport Vignettes... Johnny Rizzo, Pittsburgh's flashy outfielder, has smashed out a homer in every National league park but Boston. While the Philadelphia Nationals are hopelessly lost as far as getting out of the cellar is concerned, Connie Mack's Athletics hold faint hope of getting out of the American league "dungeon." Jackie Brown, former flyweight crown holder of the world, who amassed thousands of dollars in the leather throwing business, is penniless at 28, heavily in debt, and looking for a job. Just another sad sport yarn. The Hialeah racing season, which opens December 19, will be worth \$105,000 in purses to winning jags. Many baseball magnates throughout the country agree that night baseball is slated to become a feature of the sport within a few years.

Odds and Ends... Those early season jears have turned to cheers in the life of Joe DiMaggio. Youngstown East, New Castle's second foe, will play a powerhouse brand of ball instead of the "razzle-dazzle" style. Coach Dick Barrett has decided to shelve the tricky laterals, etc. If you have any dirty baseballs, a coat of buttermilk and a coat of sun will clean them. Now that Hank Greenberg has dropped behind Babe Ruth's record, it's doubtful if he will even come close to the famous mark.

Pulaskis-Tigers To Start Series With Double Bill

Will Open Sunday Afternoon At Lee Avenue Field Playing Two Games

The K. Pulaski and West Side Tigers baseball teams will play a series of five games for the west side championship and will start Sunday at Lee Avenue field with a double-header. The first game will start at 1:30 o'clock.

There will be pause of about 15 to 20 minutes between games, it was announced. The twin bill Sunday was arranged owing to the fact that no twilight games can be played this late in the year.

Manager Tommy McCormick will have Paller and Picato ready for mound duty Sunday with Morris in reserve. Manager Lefty Maslyk will have "Cabbie" Mrozek and W. Soho on the mound, with Janoski and B. Ostrowski in reserve.

Trap Shoot Set For Saturday

James Frisbee, president of the East New Castle Rod and Gun club, announced today that the East New Castle club will have a trap shoot Saturday afternoon at 2:30 o'clock at its new range on the New Castle-Ellwood City road about two miles out.

The shoot is open to members of the club and their friends. Signs will be posted along the way to direct the shooters to the fine new out-door range.

Nine New Faces In Ring Monday

Swatkvtic, Saunders, Angelo, Corak, Sargent, Conley, Hull, Dideon Carded

BELL-MICHAELS' FEATURE BATTLE

Sixteen pugilistic hopefuls will square off in eight bouts in the Grove Street playground Monday night. Nine of them will be saying Hello with gloves in this city for the first time. The feature scrap will find Bruno Michaels, Erie, Pa., Dispatch-Herald tournament winner, opposed to Shelton Bell, of Youngstown, who has yet to face near defeat in a local ring. The fights will start at 8:30 p. m.

Bell has won by a technical knock out over the heavy-hitting, wild-swinging Mike Rubin, the phlegmatic Joe Biro and tough Joe Popowski. In fact he acts considerably like a polished professional and fans time and again have bemoaned the absence of keen opposition.

Realizing this Tom Leach of the Jefferson A. C. determined to secure the best possible foe for the last outdoor show of the season and picked upon the Erie tournament winner as that man. Bruno has promised, according to Leach to toss punch for punch with Bell, who is a very good amateur boxer.

It would be difficult to pick the next best-looking scrap on the card because none of them have not previously appeared here. However, the reputations of some of the Erie lads has preceded them and it would not be surprising were a few surprise joils handed out Monday night.

Barbato Carded
Sammy Barbato, of Youngstown, who gave away plenty of weight to Mike Raffa of East Liverpool, then lost a close decision, has been matched to box Norman Dideon, of Erie. According to the articles of agreement they are to weigh in at 7 p. m. at 125 pounds.

Earl Pop-Bye Donaldson will oppose Sammy Angelo, of Erie at 135. Angelo is a new-comer. Donaldson defeated Chuck Arlett and lost to Regis O'Brien and Nick Rotardo. He outweighted Emil Cannell who has fought only twice and was awarded a technical kayo in the third round last Monday night. Eli Corak, of Midland is coming here, boomed as one of the best featherweights in this section. His manager, Ross Fanny, claims Corak turned in two knock-outs over Babe Hutchinson a year ago. He laid off but has decided to attempt a come-back and his foe will be none other than Moon Robinson, the colored featherweight of Ellwood City.

Moon has not had a world of experience but demonstrated in his scrap with the Gypsy Kid he has the stuff from which fighters are made. The Gypsy Kid floored Moon in the first but Moon plastered the Gypsy Kid in the second and beat him from post to post in the last round to win.

Not Smokey Robinson
Moon Robinson should not be confused with Smokey Robinson of Oil City. While both are colored and weight the same neither has fought. They are no relation, and Smokey would doubtless beat him were they to meet right now, before Moon has collected experience.

Sully, Toni, of Midland, a brother to Dr. Toni, the wrestler, will take on Willie Hull, Erie, at 155 pounds. In his only local appearance Sully defeated Russ Woods of Oil City. Steve Morgan, Youngstown, who has fought Joe Gaynor and Al Naples here will box Al Conley of Midland at 160.

Chuck Arlett of West Pittsburg will swap punches with Cecil Sargent, of Erie. Arlett beat Russ Phillips in close fights, knocked out Freddie Bear in the second round and lost to Earl Donaldson. Sargent will be one of the new boys to fight here.

Chuck Swatkvtic, of New Castle and George Saunders of Youngstown, 160 pounders will open the show at 8:30 p. m. Johnny Evans is training Swatkvtic and reports he will be able to put on a fight with Saunders that will keep up the prestige of the opening bout.

"Louis is a good fighter," the Cincinnati man said "but too many lay-off periods at such lengths are not good for him."

Market Tone Is Easier Today

Losses of Point And Better In Market At Opening, Then Rally Appears

By LESLIE COULD
International News Service Financial Writer.

NEW YORK, Sept. 9.—Easier tendencies persisted in the stock market today as weakness in the principal security centers abroad indicated renewed tension over the critical German-Czech situation.

Losses ran to more than a point in pivotal issues from the opening, although some support was met, late in the first hour. Motors, steels, copper, oils, building shares and rail orders led the way downward. Just before noon fresh selling made an appearance, and the general list dropped to new lows on the day.

Directors For West Pittsburg Mission Chosen

Local Baptists, Sponsors Of
Missions, Cheered By Progress Made

For the mission which the First Baptist church has been sponsoring in West Pittsburg a board of directors was elected by the congregation Thursday at the monthly business meeting. This followed the reports which were given of the work. The committee on missions and evangelism, of which William Bowman is chairman, reported that a week-day Bible school was being conducted each Wednesday afternoon under the superintendency of Mrs. Balint Kish and that the average attendance ranged above 50. It was also reported that a Sunday afternoon service was being regularly held in charge of Mr. and Mrs. Thomas Arthrell. The committee submitted for adoption by the church a set of rules governing the mission. After the adoption of these rules the directors were elected. They are Daniel Alden, Thomas Arthrell, Mrs. Balint Kish, Daniel Peterson and Mr. Balint.

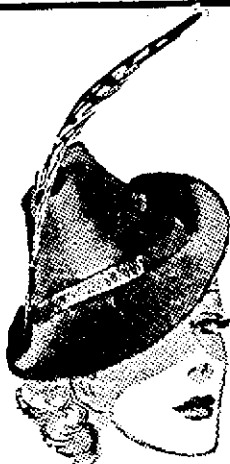

Seek Register Of Former Pupils Of Old Lincoln School

Reunion Association Will Compile Register Of Former Students

In connection with the annual reunion of the pupils of the old Lincoln school, from 1881 to 1930, together with former residents of that community, which will take place at the Lincoln and G. field school auditorium this evening, the school association is making plans to compile a register of former pupils of the school during the period mentioned.

Work on this will be started at the reunion Friday evening, and former pupils who will be able to furnish the committee with information relative to the address of former pupils are being asked to have this available at this time.

Indications point to a record attendance at Friday evening's gathering, and arrangements have been made by the committees in charge to take care of a large crowd.
